Profile

Security-focused **software engineer**, **full-stack developer**, and **vulnerability researcher** based in Riyadh. Experienced in building practical web systems, testing real attack surfaces, and hardening the infrastructure behind them. Hands-on background in web/API penetration testing, secure coding, DevOps tooling, and CTF challenge development.

Work Experience

Software Engineer | *SITE*

2026 – Present

Riyadh, Saudi Arabia

- Designed and developed a cybersecurity Exercise and assessment platform for HCD to deliver cyber exercises, simulations, and assessments.
- Built features for exercise management, participant engagement, assessment workflows, and performance tracking.
- Collaborated with stakeholders to translate cybersecurity training and evaluation requirements into scalable platform capabilities.
- Contributed to platform architecture, backend services, security controls, and deployment processes.

Backend Developer & Security Tester | *Moqraraty*

2024 – Present

Riyadh (Remote/Hybrid)

- Built and maintained backend services with validation, authorization, and secure data-flow practices.
- Performed targeted web/API penetration testing; identified misconfigurations and input validation gaps.
- Improved deployment reliability and hardening across Docker, Nginx, logs, and metrics.
- Supported a growing education platform serving more than **30,000 users**.

Vulnerability Researcher | *Bugbounty.sa*

2024 – Present

Remote

- Researches and reports web security vulnerabilities through responsible disclosure workflows.
- Applies practical testing methodology across common web and API attack surfaces.

Volunteer Security Researcher | *Information Security Club (infosecclub)*

2024 – 2026

University

- Conducted vulnerability research, knowledge sharing, and CTF challenge development.
- Participated with **CCISinfosecclub** in research writing and building **web CTF challenges**.

Software Engineer | *Qubes*

2024 – 2025

Riyadh (Remote/Hybrid)

- Contributed to **the development of the Neyam Salla Theme** and the Shopify theme for e-commerce.
- Collaborated on the **Neyam Data Warehouse** initiative.

Volunteer Full-Stack Developer | *Ejad Club*

2024 – 2025

University

- Helped build **Ejad Sh3bh**, a class and group management website, as a full-stack contributor.

Certifications

- **eJPT** — INE / eLearnSecurity Junior Penetration Tester: entry-level red team skills and real-world style labs.
- **eWPT** — INE / eLearnSecurity Web Application Penetration Tester: web vulnerabilities and methodology-driven testing.
- **eCPPT** — INE / eLearnSecurity Certified Professional Penetration Tester: network, web, AD, and reporting.

Achievements

- **CyberHub:** Top **10** in university ranking.
- **FlagYard:** Top **300** global ranking.
- **BlackHat MEA CTF 2024:** Top **100** global event team.
- **TryHackMe:** Top **2%** global ranking; active on platform and ongoing labs.

Projects

- **Moqraraty** — App that supports and simplifies the student journey.
- **Ejad Sh3bh** — Class and group management platform for Ejad Club.
- **Sh3bh** — Class and group management platform.
- **Neyam** — Salla Theme Shopping Website for neyam products.
- **Edualyzer** — Platform to Create videos using code with AI.
- **STEMREF** — Educational platform for university students.
- **Lagpsy** — Mental health and gaming awareness initiative.

Skills

Web/App Security: XSS, SQLi, CSRF, CORS, SSRF, XXE, SSTI, API security testing, HTTP Smuggling, Race Condition, OWASP

Pentest Tooling: Nmap, Gobuster, SQLMap, Burp Suite, ffuf, Caido

Platforms & OS: Linux, Nginx, Docker

Programming: HTML, CSS, JavaScript/TypeScript, Python, React, Next.js, Node.js, Express.js, FastAPI

Databases: PostgreSQL, SQL, SQLite, MongoDB

Version Control & CI/CD: Git, GitHub, branching workflows, pull requests, GitHub Actions, build and deployment pipelines

MarTech/Tech: Liquid, Braze, Twilight

Soft Skills: Teamwork, collaboration, positive attitude, strong communication

Education

Imam Mohammad Ibn Saud Islamic University (Imamu)	2021 – 2026
GPA: 4.82 / 5	

Motaqademh School	2016 – 2019
Score: 98.95	

Languages

Arabic (Native) • **English** (Professional working proficiency)
